About us:

2016-Current

We manage Filming projects including: Pitching, Video Shooting Plan for NGOs, Microfilm, Interview of artists, and Commercials. We have already made 5 Microfilms, a series of musicians' interview, and numerous commercials. We're glad to say that some of them has won a few awards in recent years. Our crew are mainly graduated from Hong Kong Vocational Training Institute, higher diploma *in Film Making or Script Writing*.

In the other hand, Livestreaming production became our 2nd profession since 2020. We have varied solutions for online or hybrid events. The solutions are simple and preferable, which means they won't cost much from our clients. It's good to have challenge and customized solutions to satisfy different needs of livestreaming events.
